**DEPARTMENT OF ENERGY**

**Invitation for Submission of Expression of Interest (EOI)**

**Project:** Philippine Energy Efficiency Project  
(Project No. 42001)

**Title:** Transport, Treatment, Storage and Disposal of Incandescent Bulbs

The Philippine Energy Efficiency Project (PEEP) is an initiative of the Government of the Philippines aimed at demonstrating the societal benefits from the implementation of a series of energy efficiency (EE) projects in the building, residential and public sectors. The PEEP is implemented through the Philippine Department of Energy (DOE), and financed through a loan from the Asian Development Bank (ADB).

Component 1.2 of the PEEP involves the distribution of CFLs nationwide in exchange for incandescent bulbs (IBs). As a result of this undertaking, approximately 1,450,000 pieces of IBs were collected and kept in temporary storage areas in Cebu City and Mindanao, ready for disposal.

The DOE now invites Amplified Expressions of Interest (EOI) from eligible service providers to transport, treat and dispose of these IBs in accordance with the procedures outlined in DENR DAO 2004-36. The service provider will be selected in accordance with the consultant's qualification selection procedures set out in ADB's Guidelines on the Use of Consultants (April 2010).

Interested service providers are requested to obtain a copy of the Terms of Reference (TOR) and other relevant documentation from the address below from 9:00 am to 4:00 pm (Monday to Friday).
